

Christmas Release of Lesbian Strip Poker

Thursday, 06 December 2007

The Christmas festivities are underway and to celebrate the 2007 festive season, Strip Poker Mens Club has released their first Christmas Edition of Strip Poker . Unlike their other online strip poker games, they have decided to double up for the month of December and in doing so introduced a saucy, steaming hot lesbian strip show into the game.

The game is already proving popular amongst existing and new customers alike and the competitive spirit is alive and well with video strip poker, some incredible scores have been achieved by some players who obviously enjoy the game of video poker just as much as they enjoy stripping the girls naked.

Strip Poker has grown in recent years due to the increased popularity of the game poker and also the availability of high speed internet connections and video streaming available to people wanting a to add a little spice and further degree of difficulty into the game. Strip Poker is the perfect game to answer the need, unlike other video poker games is more demanding because to win the game, you have to strip the girl, paying for each pair of clothing that is being removed, if you think video poker is boring, try video strip poker, you'll be amazed just like I was how much more difficult and also enjoyable the game the can be.
