

## Kara Bare Joins In To Play A Little Strip Blackjack

Thursday, 27 December 2007

Kara Bare is the latest, hottest and sensational young woman to join Strip Poker Mens Club for their latest game release of Strip Blackjack. Kara is a sweet, but definitely not innocent young girl from Ohio, aged 20 with beautiful blue eyes and a petite 105 lbs. As with all the strip poker girls, the featured strip blackjack girl Kara, also has an accompanying 131 image photo-shoot available for immediate download.

Blackjack is a challenging game and strip blackjack is no different, all the basic rules of blackjack apply with the added bonus that you can strip Kara naked as you build your bank. There are nine levels to strip Kara totally bare.

Regulars are seeing changes occurring daily and now know that strip poker is not the only game or features we offer, with adult games such as Sextris and Strip Blackjack now being featured on our site, along with explicit photo-shoots of all the girls featuring in the free online games.

The editor of Strip Poker Mens Club continued to say, "we now have regular visitors whom return daily to see and utilize the regular changes that are occurring. Our visitors are staying longer and obviously enjoying themselves, but there are many more changes ahead, we encourage all whom have previously visited Strip Poker Mens Club to stop by and check out the changes, we are positive you'll be pleased with the progress";.
